

SUMMARY

Highly experienced biomedical scientist with 13 years' experience leading dozens of research projects.

EDUCATION

Sun Yat-Sen Medical University, Doctor of Philosophy, Oncology (December, 2014)

Guiyang Medical College and Sun Yat-Sen Medical University, Master of Science, Pathogen Biology (July, 2010)

Anhui Medical University, Doctor of Medicine (July, 1997)

SKILLS

- Scientific skills
 - 13 years' experience performing scientific research in oncology, genomics, and immunology
 - Profound knowledge of medicine
 - Detailed understanding of molecular biology and cellular biology
- Communication and leadership skills
 - Taught classes on a variety of scientific subjects in major medical universities
 - Lead and completed numerous scientific research projects across several labs
 - Managed scientific laboratories
- Software skills
 - Familiarity with Python
 - Proficient in Excel, Tableau, and SPSS
 - 13 years' experience performing statistical analysis
- Writing skills
 - Wrote numerous scientific papers that were published in major journals
 - Obtained several grants for funding research projects

PROFESSIONAL ACCOMPLISHMENTS

Worked as a medical scientist for 13 years studying cancer and immunology

- Completed numerous scientific research projects
- Managed scientific laboratories
- Worked with a diverse team of researchers to accomplish scientific goals
- Published scientific papers in major journals

PERSONAL ACHIEVEMENTS

- Obtained a MD and PhD from one of China's leading medical universities.
- Used strong project management, time management, and communication skills to achieve goals ahead of timeline.
- Quickly became familiar with new scientific knowledge and research techniques in dozens of research projects.

WORK EXPERIENCE

University of Arkansas for Medical Sciences, Post-Doctoral Fellow, 2016-2022

- Perform scientific research

Ohio State University, Post-Doctoral Fellow, 2015-2016

- Perform scientific research

Sun Yat-Sen University Cancer Center, PhD Candidate, 2011-2014

- Performed research and published findings

Kingmed Center for Clinical Laboratory, Hematology Pathologist, 2010-2011

- Diagnose diseases for multiple hospitals

Guiyang Medical College and Sun Yat-Sen University, MS Candidate, 2007-2011

- Performed research and published findings

Wannan Medical College, Lecturer, 2005-2007

- Lecturer in Physiology and Psychology
- Performed research and published findings

Wannan Medical College, Instructor and Lecturer, 1997-2005

- Instructor and Lecturer in Physiology and Cellular Electrophysiology
- Performed research and published findings
